Foreword vii
Preface ix

St. Marys River
Biota of the St. Marys River: habitat evaluation and environmental assessment
by P. B. Kauss 1
Polycyclic aromatic hydrocarbons in surficial sediments and caged mussels of the St. Marys River, 1985
by P. B. Kauss & Y. S. Hamdy 37
Effects of pollution on benthic invertebrate communities of the St. Marys River, 1985
by A. J. Burt, P. M. McKee, D. R. Hart & P. B. Kauss 63
Use of a geographic information system data base to measure and evaluate wetland changes in the St. Marys River, Michigan
by D. C. Williams & J. G. Lyon 83

St. Clair River
Limnological aspects of the St. Clair River
by R. W. Griffiths, S. Thornley & T. A. Edsall 97
Distribution and abundance of young fish in the St. Clair River and associated waters, Ontario
by J. K. Leslie & C. A. Timmins 125
Distribution and abundance of young fish in Chenal Ecarte and Chematogen Channel in the St. Clair River delta, Ontario
by J. K. Leslie & C. A. Timmins 135
Environmental quality assessment of the St. Clair River as reflected by the distribution of benthic macroinvertebrates in 1985
by R. W. Griffiths 143
Growth and overwinter survival of the Asiatic clam, *Corbicula fluminea*, in the St. Clair River, Michigan
by J. R. P. French III & D. W. Schloesser 165
Deformities in larval *Procladius* spp. and dominant Chironomini from the St. Clair River
by R. M. Dermott 171

Lake St. Clair
Biota of Lake St. Clair: habitat evaluation and environmental assessment
by J. H. Leach 187
The plankton ecology of Lake St. Clair, 1984
by M. Munawar, I. F. Munawar & W. G. Sprules 203
Plankton community structure in Lake St. Clair, 1984
by W. G. Sprules & M. Munawar 229
Phosphorus cycling by mussels (Unionidae: Bivalvia) in Lake St. Clair
by T. F. Nalepa, W. S. Gardner & J. M. Malczyk 239
Biology of the exotic zebra mussel, *Dreissena polymorpha*, in relation to native bivalves and its potential impact in Lake St. Clair
by G. L. Mackie 251

Detroit River

The Detroit River: effects of contaminants and human activities on aquatic plants and animals and their habitats
by B. A. Manny & D. Kenaga 269

Response of bacteria and phytoplankton to contaminated sediments from Trenton Channel, Detroit River
by R. A. Moll & P. J. Mansfield 281

Tumors in fish from the Detroit River
by A. E. Maccubbin & N. Ersing 301

Comparative studies of the Connecting Channels

Heavy metal contamination of sediments in the Upper Connecting Channels of the Great Lakes
by S. J. Nichols, B. A. Manny, D. W. Schloesser & T. A. Edsall 307

Application of a microcomputer-based algal fluorescence technique for assessing toxicity: Lake St. Clair and St. Clair River examples
by M. Munawar, S. R. Severn & C. I. Mayfield 317

A method for evaluating the impact of navigationally induced suspended sediments from the Upper Great Lakes Connecting Channels on the primary productivity
by M. Munawar, W. P. Norwood & L. H. McCarthy 325

Heavy metals in aquatic macrophytes drifting in a large river
by B. A. Manny, S. J. Nichols & D. W. Schloesser 333

Distribution of *Hexagenia* nymphs and visible oil in sediments of the Upper Great Lakes Connecting Channels
by D. W. Schloesser, T. A. Edsall, B. A. Manny & S. J. Nichols 345

Production of *Hexagenia limbata* nymphs in contaminated sediments in the Upper Great Lakes Connecting Channels
by T. A. Edsall, B. A. Manny, D. W. Schloesser, S. J. Nichols & A. M. Frank 353
